Framingham North High School

Framingham, Massachusetts

"Our memories of yesterday
will last a lifetime."

THE CLASS OF

1986

“The Class of 1986, through its academic and athletic achievements, has displayed great character in becoming truly a great class.”

Alfred Badger
Vice-Principal

We came into the walls of Framingham North High School a typical freshman class — scared and uncertain. We joined every activity imaginable until we found that special one. We matured as we climbed the class ranks, gaining important knowledge from our outstanding faculty and administrators. In our four years at North, we have achieved new heights in not only athletics, but academics as well. We have succeeded in nearly every venture, and turned out in our senior year to be one of the finest classes North High has ever seen.

DEDICATION

Who would have thought that after four years, we would all share one very special friend. Throughout our years at North, she has done an incredible job of uniting our class into "a family." She shares with us not only our hopes, dreams, laughter, joy and boundless accomplishments, but our mass states of confusion, sorrows, and the "tears" that seem to go with a little bit of everything.

Through her superior organization, outstanding expertise, and open mind, she has taken what was once a scattered mess of freshmen, and has transformed us into mature young adults.

The Class of 1986 dedicates the yearbook to you — Mrs. Fitzgerald — whom we were so fortunate to have as a class advisor. This is our way of saying thank you for the memories we all share, and the lessons in life you have taught us.

"My friends, my students. The Class of 1986 has class and I love them all. Thanks kids for being such a great class."

APPRECIATION

We, the editors of the yearbook, would like to join with the Class of 1986 in giving our thanks and appreciation to the following people: Mr. Alfred Badger, Mrs. Claire Shapiro, Mr. Joseph Antonioli, Mr. Henry Fortier, Mr. David Beard, Mr. Robert Dunne, and Mr. Richard Dargan.

In many ways you have made life easier for us here at Framingham North. Each and every one of you have given the Class of 1986 and the Archon a feeling of both warmth and confidence for which we say thanks.

Mr. Alfred Badger

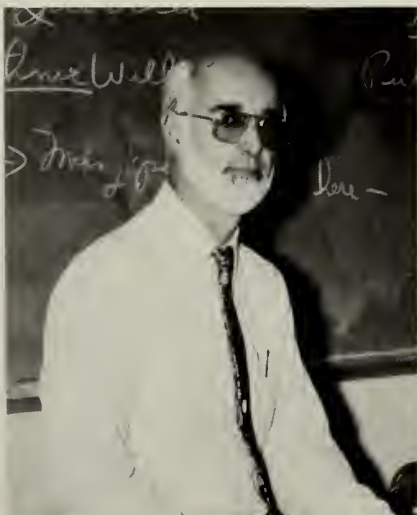

Mrs. Claire Shapiro

Mr. Joseph Antonioli

Mr. Henry Fortier

Mr. David Beard

Mr. Robert Dunne

Faculty*

Mr. Edward Gallagher, Principal

DEAR SENIORS,

Your graduation is truly the beginning of a new way of life. You now take more control over your future. Your decisions may determine the path you will follow during your lifetime. Those decisions are significantly more important and more serious than any decisions you've made to date. I feel you are ready to make those decisions.

During your time at North High, you reacted to many challenges, intellectual, social, practical. Your positive reaction to those various challenges has created, in you, a sense of direction and a sense of responsibility. As a class, you have excelled in all aspects of secondary education. Some of you have taken an easier route to graduation. The benefits and drawbacks of both approaches to learning are obvious. What is not so obvious is that all of you must, now, review your priorities, evaluate your objectives and strive to accomplish what is realistic for you. Good decisions yield good results.

Your teachers and administrators are proud of the contribution of your class to our school. I don't have to enumerate various activities. I need only state that when we needed your class, you were ready to assist. So too, I hope, when you needed us, we were ready to assist. I feel that your individual and group successes are a true indication of an effective and dynamic public school. An important aspect of those dynamics is that success doesn't occur in isolation. Working together, at North, may be the most important aspect of the North High experience. We rely on and support each other. The results are outstanding.

Our entire North High community salutes you; we wish you the very best in capturing all your dreams; the Class of 86 is ready to take its place among the many North High students who are a credit to their community. Congratulations!

SINCERELY,

EDWARD F. GALLAGHER, PRINCIPAL

The following pages will try to depict our life here at Framingham North High. The good times and the bad; the laughs and the tears; all displayed in brilliant color.

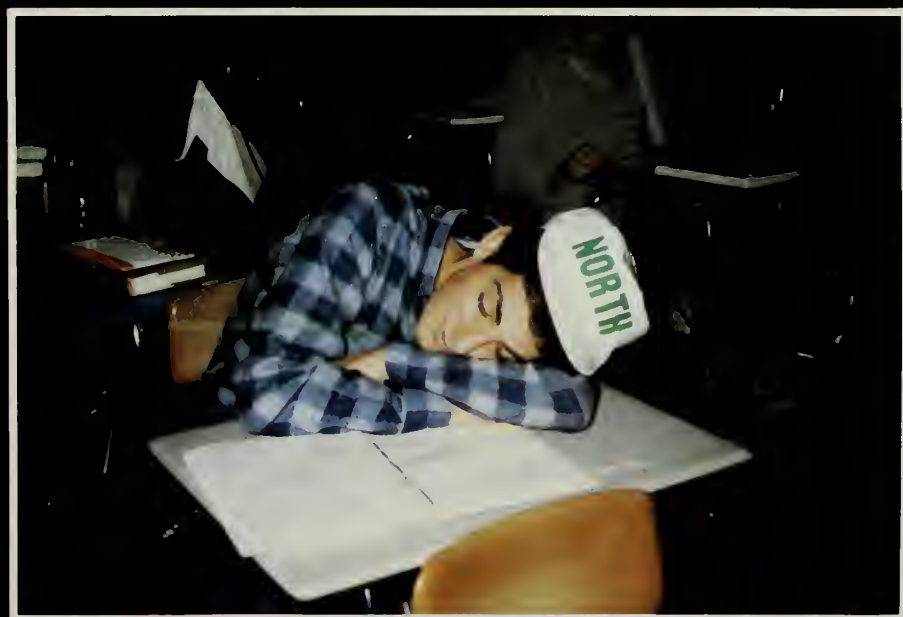

AND SO IT

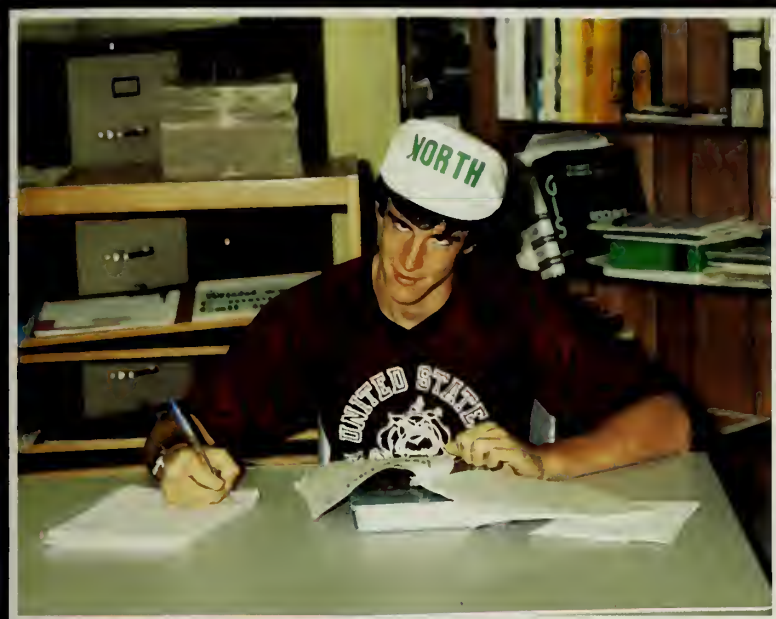

WAS SAID . . .

I've seen your face before my friend,

But I don't know if you know who I am.
Phil Collins

Before the rising sun, we fly
So many roads to choose,

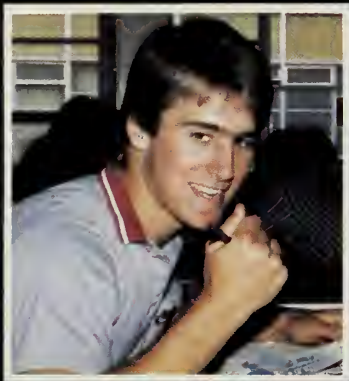

We start out walking and we learn to fly.

I don't wanna grow up,
I don't wanna go to school . . .

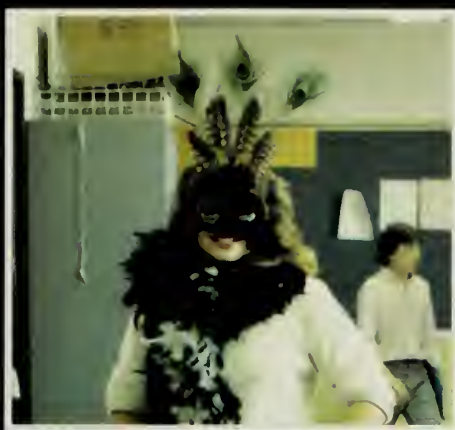

Just to learn to be a parrot
to recite the golden rule.
Peter Pan

Time may change me . . .

But I can't trace time.
David Bowie

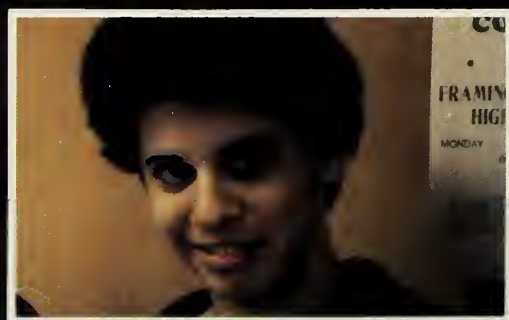

So before we end and then begin . . .

We'll drink a toast to how it's been.
Billy Joel

I look to the sea,
Reflections in the waves spark my memory.

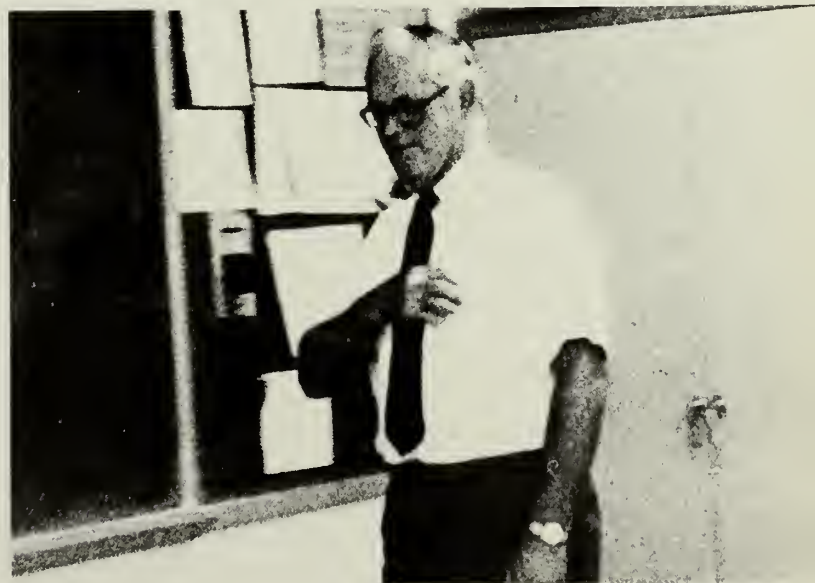

Some happy, some sad,
I think of childhood friends and the dreams we
had.
Styx

This sampling of Spartan life came through the hard work and dedication of Sara Greer, Michael Kates, Stephanie Gorin, Andrew Kates, April Hamilton, and Gary Murad.

SENIOR STEERING COMMITTEE

President Sam Starr, Treasurer Sarah Harris, Vice-President Millie Lerner, Advisor Nancy Fitzgerald, Secretary Sheri Berger

... the always present Archon

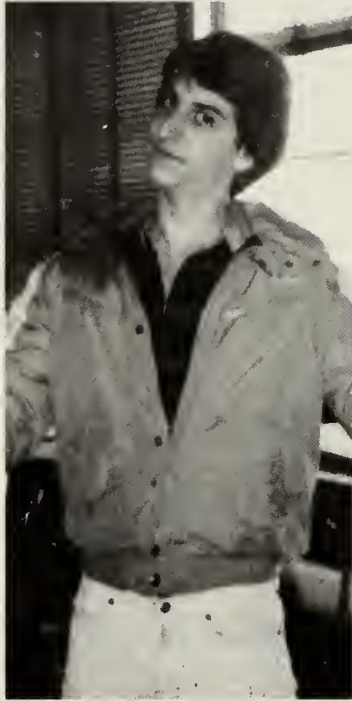

The Class of '86 has been a special one since September 8, 1982. The unity we have enjoyed has enabled us to have many class activities; but what we will remember long after the amusement park and the skiing and the sun is the friendships, the closeness, the fun.

The one person who deserves special recognition as the main support of our class is Mrs. Nancy Fitzgerald. She gave all she had to insure that we received the encouragement we needed and the recognition we deserved. Thank you, Mrs. Fitz.

We, the officers, are honored to have been a part of these unforgettable four years at Framingham North High. Thank you, and good luck.

SEEING RED

This year the National Honor Society is better than ever! With new board members, National Honor Society has new and interesting ideas for doing what it has been doing for years - helping the school and the community.

The Spaghetti Supper, held on November 21, was a tremendous success as hordes of Spartans spent an evening gorging themselves on pasta and deserts. The Blood Drive, an annual event, took place on the 25th in the lobby of the auditorium. Thanks to the help of many students, people in hospitals around New England have the blood needed to survive. Those who will be turning 17 in the next 12 months, please consider donating next year.

Some other events coming later this year are the induction ceremony and the Holiday Drive. We will be collecting food and clothing and bringing them to the homes of the needy.

SCHOOL LOCKER SEARCHES: WHO HAS THE RIGHT? REASONABLE DOUBT VS SUSPICION

Back while an unsuspecting student body enjoyed its summer vacation, an article appeared in the August 29th addition of the Middlesex News concerning a new policy on school locker searches.

Many may have missed the article, and many may be unaware of the scope of the Supreme Court's latest interpretation of the Fourth Amendment (Reasonable search).

We feel, as Editors of your school newspaper, that you should be informed of the new interpretation and how it might effect you.

The most distressing discovery we found in the story was the following paragraph as seen in the August 29th article.

If a student is suspected of a violation, administrators are authorized to search lockers, even without probable cause, DelPrete said.

The Editors: suspected of Gary Weinberger, Michael Kates, Derrek Shulman, Steve Beck, Alise Harfield, Kristine Zurovski, and Pan Un. Missing: Mike Projanski, Josh Gifelson, Stephanie Gorin, and Wendy Kaplan.

b) "probable cause is not required before a pupil may be searched; rather before conducting a search, the teacher must have 'reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.'"

Because, according to this interpretation, suspicion of a violation is grounds for search, suspicion must arise

First, qualified judge, det are reason suspicion matter, wh suspicious

Second, and more suspicion enough grounds for search, or should probable cause be required?

In the game of baseball, the umpire must make split-second decisions to separate the good pitches from the bad. Our question is, who is qualified to be the umpire in this, a far more important ballgame.

Baseball umpires must go to school and be trained. Should the same standard be maintained in the school system? Should

The soccer team used all of its tools: a blistering offense, sharp defense, and outstanding goaltending, to upset three straight opponents in reaching the semifinals. It was the finest year that North soccer has ever seen.

There are also some fine individual performances that should be noted. Eric Seasholtz scored seven goals, including the three overtime winners against Reading, Chelmsford, and Winchester. He had strong support from Scott Allan, Bradd Morse, and Gary Dorfman. Goalie Dan Bernstein, with the strong defensive support of sweeper Steve Kimball, held his opponents to just 9 goals in 9 halves and 17 overtimes (approximately 445 minutes). If you translated those minutes into games, Bernstein had 1.1 goals against him in the first three games, 1.62 overall. Paul Sullivan dazzled the Chelmsford team at his halfback position with incredible ball control.

The list could go on forever, but the important thing to note is that through victory and defeat, they stayed a team. Despite their 4-0 loss to 2nd-seeded Lexington, these Spartans are truly champions.

THE FINEST TEAM YET

'Twas their final year
the records were set
They'd go down in North's history
as the finest team yet!

Some came from Pop Warner
some from places unknown
Some had never played ball
into the ranks they were thrown!

Undefeated as freshmen
their spirit was keen
Kilcoyne recognized the talent
began building his team.

Pitted against giants
their sophomore year
That they must build strength
was apparent — was clear.

A weightlifting program
was quickly put into place
And the guys began lifting at
welll — less than a feverish pace!

Nevertheless they were ready
come their junior year
To tackle the giants
without any fear!

They stormed the league
they came alive
With shutouts abounding
through game five!

Coach Kilcoyne was smiling
the parents were proud
The fans how they cheered
the team drew a crowd.

Eight victories were theirs
before they fell
8 and 2 for the season —
our Spartans had done well!

Their senior year came
Bowditch had lights
They played their games
on Friday nights.

They rallied — they romped
they rattled their foe
They started their season
6 and 0.

Then Needham lucked out
and stood in their way
As did Natick and Walpole
on Thanksgiving Day.

But hey guys — wasn't it great?
wasn't it fun?
Hold on to your memories
each and every one.

There is one that is special
just for you
Like Bogie's dream
that almost came true!

Like Keefa's bootleg
for an 89-yard run
Like Danny *streaking* upfield
to get the job done!

Like Jamie's triumph —
the "Ghilani sack"
Like Nana's wrath
on the Mustang backs!

Like Dill's blocking
the Wellesley kick
And Sully scoring
with only 3 seconds to tick!

Like Kappy's key blocking —
Finch pouncing on the loose ball
Like tough corner Jeany
standing short — but oh so tall!

Like Eric recovering
the onside kick
And Fish being there
to make the pick.

Like Clouts' interception
of a Rodger's pass
Like Stucchi's sideline support —
that really showed class!

Like Doug — Like Bits
working the trenches all along
And Coaches Hume and Vandersea
their assistance so strong.

Like Kilcoyne's classic descriptions
to make his point clear
And the support of Coach Summers
year after year.

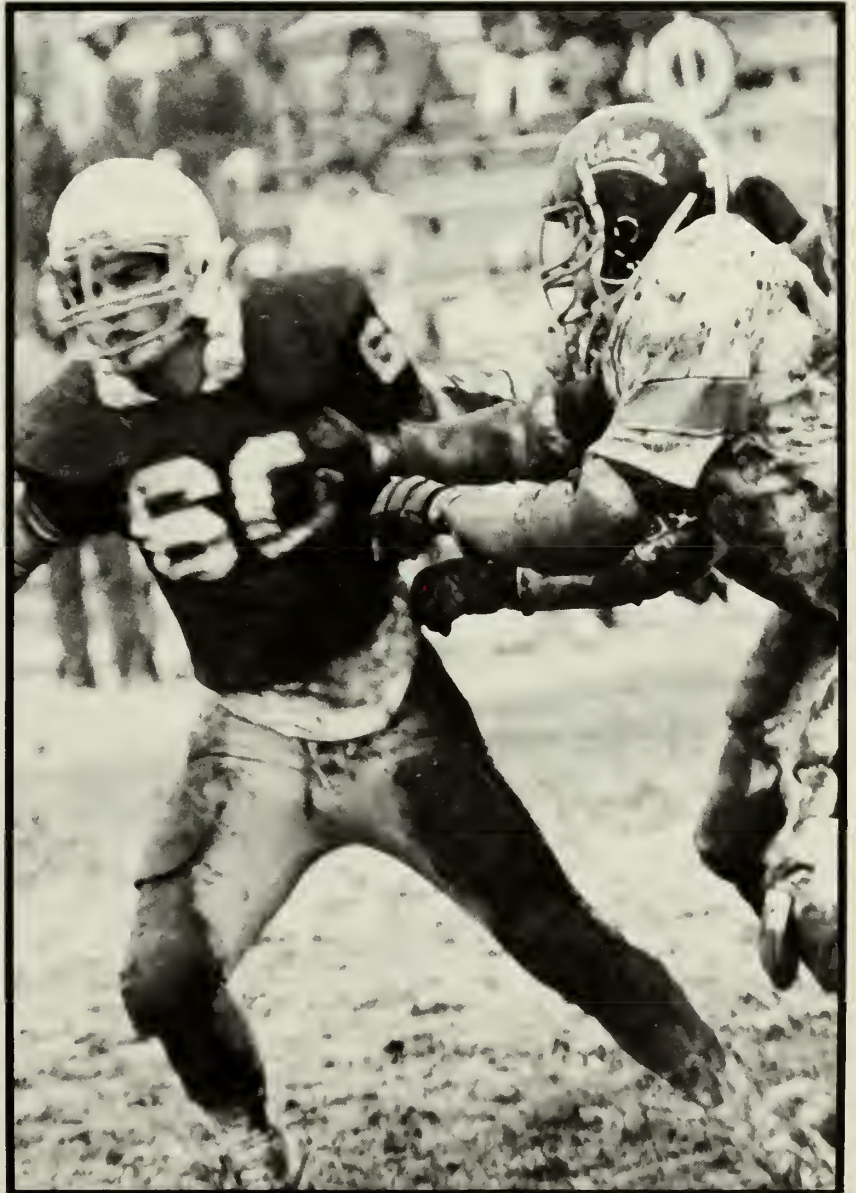

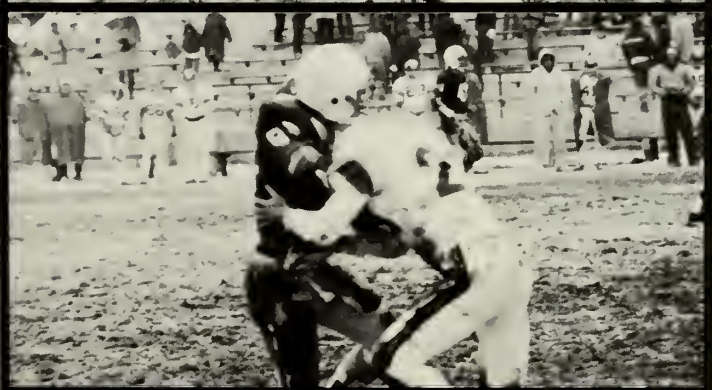

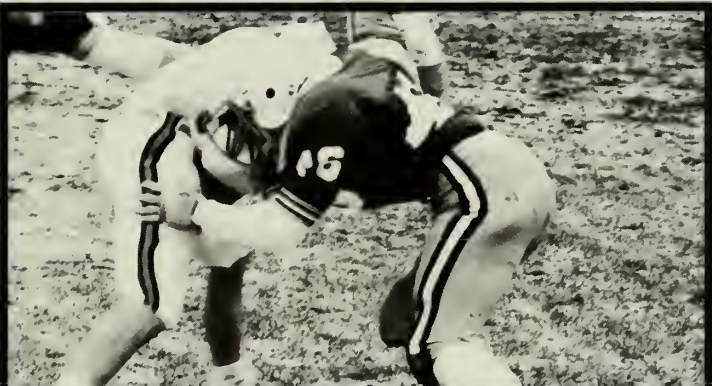

Like Tony — your trainer
picking you up off your feet
And the offensive strategy
of Coach Ed Peete.

You've left your mark seniors
you've blazed your trail
And now it's time
to say farewell . . .

So long from your teammates
who'll do their best
To put your records
to the test!

So long from the cheerleaders
and the fans who cheered so loud
So long from your coaches —
you've done them proud!

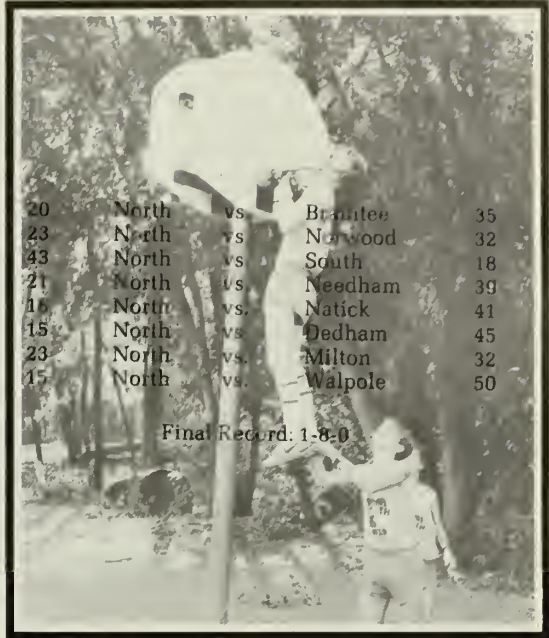

— Evelyn Keefe

"A picture postcard . . . a folded stub . . .
A program of the play,
File away the photographs
Of your holiday.
And your momentos
Will turn to dust,
But that's the price you pay.
For ev'ry year
Is a souvenir
That slowly fades away."
